

Welcome,

Thank you for choosing to enrol your child in our Pre-Kindy program at Joondalup Family Centre. Please find attached relevant information regarding our pre-kindergarten program and what you will need to bring with your child.

In our play-based program, your child can discover, explore, imagine and investigate. With us, your child will develop a solid foundation for kindergarten in a fun and engaging environment. Things your child will learn are:

- Learning to count
- Develop pre-writing skills
- Recognise their names and engage with stories
- Expressing ideas
- Develop their fine motor skills
- Learn concepts such as size, shapes and colours
- Develop tools to understand and manage emotions
- Learning to share and play with others
- Follow routines

We consider your child's current interests and incorporate these into our session plans.

We use StoryPark to communicate your child's activities and learning throughout the day. You will be sent an invitation to this to engage with our stories. We also use this to communicate important updates throughout the term.

We look forward to getting to know you and your child and to having a successful pre-kindergarten experience. If you'd like to know more about your teachers, please visit the Joondalup Family Centre's website to view our profiles.

Regards

Sarah & Angie
